The Polish Information Processing Society Scientific Council

prof. dr hab. Zdzisław Szyjewski – *Chairman*

dr hab. prof. PW Zygmunt Mazur – *Vice-Chairman*

dr hab. inż. prof. PG Cezary Orłowski – *Vice-Chairman*

dr hab. inż. prof. US Kesra Nermend - *Amanuensis*

prof. dr hab Leon Bobrowski

prof. dr hab. Janusz Górski

prof. dr hab. Zbigniew Huzar

prof. dr hab. Marian Noga

prof. dr hab. Ryszard Tadeusiewicz

prof. dr hab. Leszek Trybus

prof. dr hab. Krzysztof Zieliński

dr hab. prof. PS Wojciech Olejniczak

dr hab. inż. Lech Madeyski

dr Adrian Kapczyński

dr inż. Marek Valenta

Reviewers

dr hab. inż. prof. nadzw. Tomasz Królikowski, dr inż. Mateusz Piwowarski

Scientific Editors

prof. dr hab. Zdzisław Szyjewski, dr hab. Jakub Swacha

Authors

Krzysztof Sopyła, Przemysław Górecki, Paweł Drozda – CHAPTER 1

University of Warmia and Mazury in Olsztyn (Poland), Faculty of Mathematics and Computer Science

Grażyna Paulina Wójcik – CHAPTER 2

Warsaw University of Life Sciences (Poland), Faculty of Production Engineering

Monika Biskupska, Wioleta Borysewicz, Grzegorz Mazurkiewicz – CHAPTER 3

Institute of Mathematical Machines, Warsaw (Poland)

Hashim Fawzi Al- Ibad¹, Bilal J. Salih Al-Qasi², Ammar Shihab³ – CHAPTER 4

¹University of Kufa (Iraq), Faculty of Management and Economic; ²University of Baghdad (Iraq), Faculty of Management and Economics; ³University of Baghdad (Iraq), Faculty of Science

Aleksandra Radomska-Zalas – CHAPTER 5

State Higher Vocational School in Gorzów Wlkp. (Poland), Institute of Technology

Jakub Swacha – CHAPTER 6

University of Szczecin (Poland), Institute of Information Technology in Management

Małgorzata Łatuszyńska¹, Roma Strulak-Wójcikiewicz² – CHAPTER 7

¹University of Szczecin (Poland), Institute of Information Technology in Management, ²West Pomeranian University of Technology in Szczecin (Poland), Faculty of Maritime Technology and Transport

Kesra Nermend¹, Jarosław Jankowski², Ammar Shihab³ – CHAPTER 8

¹University of Szczecin (Poland), Institute of Information Technology in Management, ²West Pomeranian University of Technology in Szczecin (Poland), ³University of Baghdad (Iraq), Faculty of Economic and Administration

Contents

Preface	11
Chapter 1. Parallel SVM solver for multi-core architecture.....	13
1.1. Introduction	13
1.2. SVM Classifier	14
1.3. Algorithm Design	16
1.4. Experimental Results.....	17
Conclusion and future work	19
References	20
Chapter 2. The role of e-learning in knowledge management in the organization	24
2.1. Introduction	24
2.2. Knowledge - concepts, types, knowledge acquisition procedures	25
2.3. Knowledge management in modern organizations	29
2.4. Purpose and scope of the ATENA e-Learning System project	31
2.5. The technical architecture of the ATENA e-Learning System	41
Summary	44
Bibliography.....	45
Chapter 3. Object classification in document management system.....	47
3.1. Introduction	47
3.2. Original idea.....	48
3.3. ... and its extensions	49
3.4. New solution	51
3.5. Layout configurator.....	56
Summary and further considerations.....	57

Bibliography	58
Chapter 4. Dialectical relationship between the business strategy and information systems for achieving sustainable competitive advantage	59
4.1. Introduction	59
4.2. Research methodology	60
4.3. The theoretical framework of research.....	62
4.4. Origins & the basics of strategy and information systems	64
4.5. Sustainable competitive advantage through information systems.....	68
4.6. Systems that enable competitive advantage	69
Conclusion and implications	72
Bibliography.....	73
Chapter 5. Universal technique of management of projects risk.....	76
5.1. Introduction	76
5.2. Risk management	80
5.3. Universal technique of project risk management	83
Conclusions	88
References	90
Chapter 6. Data storage system optimization model for decision support in data storage management.....	91
6.1. Introduction	91
6.2. Related work.....	93
6.3. Model of data storage system.....	94
6.4. Economic efficiency ratios calculation formulas	103
6.5. Optimization model.....	109
6.6. Usage example	113
Conclusions	115
Bibliography.....	116
Chapter 7. The Concept of a simulation model for analysis of the transport environmental impact	118
7.1. Introduction	118

7.2. The Essence of the Concept Model to Analyze the Environmental Impact of Transport Infrastructure Investments	120
7.3. The Example of a Model for a Selected Case Study	128
Conclusions	131
Bibliography.....	132
Chapter 8. Comparative study of the quality of the international versions of municipal websites in Poland	137
8.1. Introduction	137
8.2. The usability of internet systems and information architecture	138
8.3. The Methodology of comparing local government websites	140
8.4. Empirical study	148
Conclusion.....	153
Bibliography.....	153
